

HALAL POLICY

Duopharma Biotech Berhad Group of Companies ("Duopharma Biotech") is committed to producing high-quality halal products for the society while adding value for our stakeholders. We are committed to:

- Uphold the integrity of our entire halal supply chain through the concept of "Halal Built-in, Not Tested For".
- Uphold the development and manufacturing of halal pharmaceutical and medical device products in premises with high standards of safety, efficacy, quality and hygiene.
- Ensure our compliance to the current halal requirements, ISO Quality Management System standards, Good Manufacturing and Distribution Practice Guidelines as well as other relevant requirements on the manufacturing, warehousing and logistics of halal pharmaceuticals and medical devices as required by the competent halal authorities and other related regulatory authorities.

Leonard Ariff Abdul Shatar
